I think the 9th is scheduled to be at DEQ and I guess I'd prefer to have some feedback early in the month. So how about the 9th, please for about 30 min?

Thanks! See you then, if not before.

Alex -

Sure - looking forward to it. We have two dates in January to pick from - the 9th and the 23rd, and could schedule it for either day. I think it makes sense to include the recontamination update at the same meeting as well. Just let me know what date you prefer.

thanks Chip

LIVERMAN Alex ---12/05/2012 03:19:20 PM---Hi Chip. Hope you are having a nice holiday season...

Subject: request for time on Jan TCT agenda for City Outfalls SCD approach

Hi Chip.

Hope you are having a nice holiday season...

I'm writing to request 15 or 20 minutes on the agenda for the Jan TCT meeting for Rich and I to present a brief summary of the City's approach for completing DEQ's stormwater source control decision on the investigation of 39 City outfalls to Portland Harbor. Not only would the City appreciate hearing support from all the partners on the approach, but it would also be helpful to confirm the similar approach DEQ is taking on the harbor-wide recontamination evaluation.

If you think it prudent to give an update on recontamination, we could include that too, in another 10 minutes or

Let me know what you think and if you can accommodate us in Jan.

Thanks!
